

CE credits are in your hands

Even in provinces where continuing education (CE) is not required, it should be a part of your career path. A commitment to continuing education is a sign of professionalism and an important safeguard for clients.

In provinces where they are required, keeping track of your CE credits is an important part of maintaining your license.

Use the tracker below (or create your own) to ensure you have all your details in one place!

Course title	Course description	Completion date	Name of provider	CE Code	Number of hours/credits	Type of credits	CE certificate printed/saved	
							YES	NO
