VARIABILITY OF UNIVERSAL LIFE POLICY PERFORMANCE

There are many variables that can affect an insurance policy's performance. Interest rates and the performance of the securities markets, in particular, can fluctuate significantly and can have a negative or a positive impact on the policy's non-guaranteed benefits and values.

The benefits and values outlined in the illustration are not guaranteed, as they are based on assumptions that are subject to change. They are neither an estimate nor a guarantee of future policy performance.

EXCLUSIONS AND LIMITATIONS FOR CRITICAL ILLNESS PROTECTION

Any Critical Illness Benefit, if applied for, contains exclusions, a survival period and a moratorium period. Refer to your policy wording for details.

ADVISOR COMPENSATION

This application deals with an insurance product supplied, underwritten, and issued by ivari, a company licensed to offer insurance products in all provinces and territories in Canada. The independent insurance advisor/distributor soliciting this application is a licensed insurance advisor representing ivari and will receive compensation from ivari upon the completion of this transaction. The Owner(s) and Insured(s) are not obligated to transact any other business with ivari, the advisor/distributor or any other person or entity as a condition of this application.

TAX CONSIDERATIONS (FOR OWNERS ONLY)

Applicable tax laws and CRA interpretations may change and ivari does not guarantee the tax treatment of its products or contractual benefits under applicable laws. It is your responsibility to determine how applicable laws apply to you at any time. Please consult a qualified legal and/or tax advisor in order to obtain an opinion in relation to your particular circumstances.

Note: Effective January 1, 2017, new tax rules for life insurance policies have taken effect. If a policy was issued prior to 2017, certain changes made to an existing policy may impact its policy's tax status. Ensure you talk to your advisor to fully understand how any changes may affect your existing policy.
