HOW RISKY IS IT?

The value of your investments can go down.

2. Ongoing fund expenses

The MER includes the management fee, the insurance cost for the guarantees, operating expenses and applicable taxes of the fund. You don't pay these expenses directly. They affect you because they reduce the return you get on your investment. For details about how the guarantees work, see your insurance contract.

ivari Canadian Equity GIF – GS/GS2	4.76%
ivari Canadian Equity GIF Class 2 – GS/GS2	2.92%

3. Other fees

You may have to pay other fees when you transfer units of the fund.

Fee	What you pay
Fund Transfer Fee	2% of the amount transferred for each transfer after the fourth transfer in the same calendar year.

Trailing commission

We pay a trailing commission for as long as you own the fund. It is for the services and advice that is provided to you. The trailing commission is paid out of the management fee. The rate depends on the sales charge option you choose:

- No Load – up to 0.8% of the value of your investment each year
- Deferred Sales Charge – For GROWSafe 94: 0.52% of the value of your investment each year. For GROWSafe 97, GROWSafe 99 and GROWSafe²: 0.5% of the value of your investment each year

WHAT IF I CHANGE MY MIND?

You can change your mind about transfers you make under the contract within two business days of the earlier of:

- the date you received confirmation of the transaction; and
- five business days after it is mailed.

You have to tell us in writing, by email, fax or letter, that you want to cancel. The amount returned to the original fund will be the lesser of the amount you transferred and the market value, if it has gone down. The amount returned only applies to the specific transaction and will include a refund of any sales charges or other fees you paid for the cancelled transaction.
